RE: Bebop Cowgirl Permit Request

The bottom line is that Grass and Mingo Cays are the wrong location for floating business!! Let's not insert ourselves into a pristine marine area right next to TWO islands designated as bird/wildlife sanctuaries. Furthermore, the oceanic and meteorological conditions are totally inappropriate and unsafe for a floating bar/restaurant. If you do this, injuries and worse will follow.

We propose, therefore, that all such aqua businesses like Bebop, Pizza, Lime-Out... all be placed in the waters between Great and Little St. James-- Mr. Epstein's estates' front entrance-- which is likely to be returned to the VI government, either way. Put them all there including your mooring fields and facilities for volume traffic by Tourism. Let it rip for 5 years, and then come back and ask for more.

With the stakes this high and future implications for precedent, franchising, and gambling on the line, we must not sacrifice our golden eggs for golden calves and, again, sell-out of our roots.

Sincerely,

Sunlit St. John
